## **SPECIAL MENTIONS**

Lafayette Oaks Subdivision is a gated community. At this time the public is not allowed to access the trees. It's important to list these huge ole live oaks as documentation.

2208 Orleans Dr  
Orleans Drive  
Touraine Drive at Touraine Lake

## **LEON COUNTY**

Fred George County Park has a grove of very old, large live oaks. The oaks are in the Fred George Basin floodplain comprising about 75 acres. There is no formal trail but access is relatively easy. The county may intend to provide a trail in the future.

## **OUTSIDE LEON COUNTY**

The live oak tree at the Posey Taylor House. Though it's in Lloyd, and not Leon County, one of the largest live oaks in Florida sits right off of Route 59, across the railroad tracks. Inching towards 30 feet in circumference.
