BOOKS ON SOUTHERN GARDENING IN THE LEON COUNTY PUBLIC LIBRARY

Tallahassee Gardening: design & care of the Southern landscape / David W. Marshall Call number: 712 MAR Publication Date: 1994

A highly specific gardening guide to this area. Marshall is a gardening and landscape consultant and was formerly Extension Horticulture Agent with University of Florida IFAS in Tallahassee.

Successful Southern gardening : a practical guide for year-round beauty / Sandra F. Ladendorf. Call number: 635.9 WAS Publication Date: 1994

In this practical, how-to book on the problems and possibilities of gardening in the tricky environments officially known as zones 7 and 8, Ladendorf draws on her own experience, interviews and research for her weekly newspaper column, and visits to hundreds of public and private gardens. Although this

book will be particularly helpful to novice gardeners and newcomers to the area, it also offers a vast amount of current information for the seasoned gardener.

Design & care of landscapes & gardens in the South [Vol. 1] / David W.

Marshall. Call number: 635.9 WAS Publication Date: 1994

This is Volume I of a holistic guide to gardening in the South from retired University of Florida horticulture extension agent, David Marshall. This will be your most valued gardening reference. The author, who grew up in north Georgia, has 36 years of experience answering questions from gardeners and teaching gardeners in Tallahassee. Everything is covered, from landscape design to soil preparation and planting, to preventing pest problems. There are chapters on Trees, Shrubs, Lawns, Groundcovers, Flowers and Colorful Foliage, Fruit, Vegetables and Herbs, Birds and Wildlife, Pruning, House Plants, Container Gardening, and Greenhouses. There's even a monthly guide reminding you what needs to be done in the garden each month.

Additional references to other helpful information are made throughout the book, with a final section with links to the university extension service resources in each of the following states: Florida, Georgia, Alabama, Mississippi, Louisiana, Texas, South Carolina, North Carolina, Arkansas, Oklahoma, Virginia, and New Mexico. This is the long-awaited answer to gardeners who have been requesting an update of Marshall's previous books for years. This new book has more and updated information and illustrative photos which help the reader to better understand the text.

Gardening with native plants of the South / Sally Wasowski with Andy Wasowski.

Call number: 635.9 WAS Publication Date: 1994

In today's South, where find gardening is a tradition, many homeowners and professional gardeners are discovering a vast 'new' palette of plant materials-native plants. They are realizing that these native wildflowers, trees, shrubs, groundcovers, vines, and grasses are far better suited, and therefore easier to grow and maintain, than most of the imported plants that populate traditional landscapes.

In this book, landscape designer Sally Wasowski offers an exciting vision of the many possibilities and advantages of 'going native.' Lavishly illustrated with more than 250 gorgeous color photographs, her book is both an introduction to more than 200 of the most familiar and easiest to find native plants of the South and a basic primer on how to use them effectively.

The Southern Garden / Lydia Longshore Call Number: 635.0975 LON Publication Date: 2006

Southerners have always gardened with great style. Longshore illustrates a range of Southern gardens, both grand and simple, with over 200 photographs.

Sustainable gardening for the Southeast / Susan M. Varlamoff ; foreword by Allan

Armitage. Call number: 635.048 VAR Publication Date: 2016

Sustainable Gardening for the Southeast is a vividly illustrated guide that offers simple techniques to help conserve water, reduce pollutants, and mitigate climate change while increasing biodiversity and attracting pollinators and wildlife. Gardeners will be inspired and empowered to protect and enhance the local ecology as they cultivate a resilient landscape featuring native plants, colorful flowers and trees, and even organically grown fruits and vegetables. And for those who cherish their emerald

lawns, Susan Varlamoff provides tips for keeping it green *and* environmentally sound.

Heirloom gardening in the South : yesterday's plants for today's gardens /

William C. Welch and Greg Grant ; with Cynthia W. Mueller and Jason Powell. (Revised and expanded edition of: The southern heirloom garden.) Call Number: 712.0975 WEL Publication Date: 2011

Discusses and describes plants of prior centuries that are still attractive today. Considers the influence of Spanish, African, English, German, Italian and Asian gardenings and plants.

Gardening in the humid South / Edmund N. O'Rourke, Jr., Leon C. Standifer.

Call Number: 635.0975 O'RO Publication Date: 2002

A practical and entertaining guide to gardening in the Southern region. This book offers friendly advice on an array of gardening topics, including choosing and preparing cultivation sites, raising fruit, growing in containers, using fertilizer, preparing for cold weather, and year-round vegetable gardening. In addition, the book considers all types of gardeners, from those with large yards and a great deal of time to apartment dwellers who garden in window boxes.

The Timber Press guide to vegetable gardening in the Southeast / by Ira

Wallace. Call Number: 635.0975 WAL Publication Date: 2014

There is nothing more regionally specific than vegetable gardening--what to plant, when to plant it, and when to harvest are decisions based on climate, weather, and first frost *The Timber Press Guide to Vegetable Gardening in the Southeast* tackles this need head on, with regionally specific growing information written by local gardening expert, Ira Wallace. Monthly planting guides show exactly what you can do in the garden from January through December. The skill sets go beyond the basics with tutorials on seed saving, worm bins, and more.

The Southern Living garden book / edited by Steve Bender.

Call Number: 635.90975 SOU Publication Date: 2004

Descriptions of over 7,000 plants keyed to climate zone maps 33 unique plant selection guides
Thousands of color photos and illustrations.

The bountiful flower garden : growing and sharing cut flowers in the south

[/ Neil G. Odenwald & William C. Welch.](#) Call Number: 635.966 ODE Publication Date: 2000

With detailed descriptions, stunning photographs, and essential advice, noted garden experts Williams C. Welch and Neil G. Odenwald invite you to join the rich Southern tradition of growing and sharing cut flowers.

Southern herb growing / Madalene Hill & Gwen Barclay, with Jean Hardy.

Call Number: 635.7 HIL Publication Date: 1987

The art of herb growing is enjoying a renaissance in this country, as more and more people are rediscovering the sensory pleasures and tangible rewards of the ancient plants we call herbs. Growers in the American South, where herb gardening can be a sometimes frustrating experience, want to know more about selecting and tending plants in the hot, humid conditions of their region. The varietal lists and cultural information emanating from England or the northeastern United States do not work for the Southern grower. It was more than thirty years ago that Madalene Hill and her late husband, Jim, established the Hilltop Herb Farm near Cleveland—a southeast Texas area with growing conditions much like those of most of the South.

The southeast native plant primer : 225 plants for an earth-friendly garden / Larry Mellichamp and Paula Gross ; photographs by Will Stuart.

Call Number: 635.0975 MEL Publication Date: 2020

Do you want a garden that makes a real difference? Choose plants native to our Southeast region. The rewards will benefit you, your yard, and the environment—from reducing maintenance tasks to attracting earth-friendly pollinators such as native birds, butterflies, and bees. Native plant experts Larry Mellichamp and Paula Gross make adding these superstar plants easier than ever before, with proven advice that every home gardener can follow. This incomparable sourcebook includes 225 recommended native ferns, grasses, wildflowers, perennials, vines, shrubs, and trees. It's everything you need to know to create a beautiful and beneficial garden.

Tough-as-nails flowers for the South / Norman Winter. Call Number: 635.9525 WIN
Publication Date: 2003

Do you want your garden to have four seasons of bright, colorful flowers? Do you know which plants will perform best? In this book, award-winning horticulturist Norman Winter gives the answers. Taking the guess and the gamble out of plant purchases, he names ideal annuals, perennials, bulbs, grasses, and vines for any Dixie weather. His discussions of these and many more are enhanced by some 200 full-color photographs that will assist in identification and choice. Included, too, are a guide to U.S. planting zones and a color wheel that will lead gardeners to exciting floral combinations sure to create dramatic effects. Along with a photograph of each flower come precise guidelines for proper light, water, bed preparation, fertilizers, and maintenance .

Best native plants for Southern gardens : a handbook for gardeners, homeowners, and professionals / Gil Nelson. Call Number: 635.9517 NEL Publication Date: 2010

Gil Nelson has created an indispensable, authoritative publication that describes and recommends high-performing native plants, tells readers how to avoid the use of invasive species in their gardens, and highlights the design of several specialty and wildlife gardens. With the help of regional experts, the included species have been selected based on field visits to retail and wholesale nurseries, private and public gardens and arboreta, personal knowledge and experience, and discussions with landscape and gardening enthusiasts, professionals, and experts throughout the region. The inclusion of more than 600 color photos makes this an easy-to-use, valuable addition to any gardener's library.

Southern gardening : an environmentally sensitive approach / by Marie Harrison. Call Number: 635.9 HAR Publication Date: 2005

Create the lush landscape of your dreams with this comprehensive guide to beautiful, environmentally conscious yards and gardens. *Southern Gardening* suggests useful groundcovers and easy-care, adaptable trees, shrubs, perennials, and annuals. Identify and deal with exotic invasive plants that threaten our natural areas, and learn minimally damaging ways of dealing with insect pests. Plus, a month-by-month guide will help gardeners plan ahead as they strive to have gardens that are more earth-friendly.

Native plant gardening for birds, bees & butterflies. Southeast / Jaret Daniels. Call Number: 635.952 DAN Publication Date: 2021

The presence of birds, bees, and butterflies suggests a healthy, earth-friendly place. These most welcome guests also bring joy to those who appreciate watching them. Now, you can turn your yard into a perfect habitat that attracts them and, more importantly, helps them thrive. Acclaimed author and expert entomologist Jaret C. Daniels provides all the information you need in this must-have guide for northern Florida, Georgia, Kentucky, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia. Learn how to landscape and create pollinator gardens with native plants.

The book begins with an in-depth introduction to native pollinators and to birds. It's followed by a "field guide" section to more than 100 native plants that are widely available to use, are easy to care for, and provide great benefit to birds, bees, and butterflies.

Southern Living garden problem solver / edited by Steve Bender
